This is to certify that I have examined the foregoing figures and found them correct.

EMMA L. CONROW, Auditor.

Report of School Board

The School Board submits the following report for the current year. As voted at the district meeting, the following amounts were raised, all of which have been received and turned over to the School Treasurer.

SCHOOLS

Two schools have been maintained, each with a teacher approved by the State Board, both of whom have done excellent work. The School Board is required by law to furnish transportation to pupils living two miles from a school. We have three such pupils, but have found it cheaper and more satisfactory to board one nearer the school and pay tuition to Grafton for the other two.

REPAIRS AND ALTERATIONS

At the Town House the windows have been rearranged and two new ones added, improving the light. A jacket has been put on the stove with a ventilating system. This heats the room more quickly and evenly, and ought to result in a material saving of fuel.

RECOMMENDATIONS

The schoolroom at the Town House needs to be painted and have new blackboards, which, when done will put it in first class condition.

The Pond School is badly in need of repairs both inside and out, and must be attended to soon.

We recommend that sufficient money be raised to put both these schools in order.

PAUL C. WENDELL,
JOHN PETERSON,
SUSIE W. DAVIS,
